11TH ANNUAL STATE OF STEM EDUCATION STAKEHOLDER BREAKFAST

Friday, June 9, 2023 | 7:30 AM - 9:00 AM
Junior League of Houston

SPONSOR PACKET

ABOUT C-STEM

C-STEM Teacher and Student Support Services (C-STEM) is a nonprofit dedicated to equipping the next generation of innovators with the tools they need for a well-rounded mastery of **Communication, Science, Technology, Engineering, and Mathematics**.

By engaging students in exciting, hands-on projects to solve real-world problems, we are creating learning opportunities that boost self-confidence, encourage competition, and provide a window to future college and career paths.

Every year, C-STEM develops a brand-new curriculum for students and teachers around the latest global challenge or crisis. **This year's theme was "Climate Tech: Creating Innovative Solutions"**. During the academic year, C-STEM students focused on the leading factors contributing to the worsening effects of climate change and how technology plays a role in combating global warming. C-STEM is made possible in underserved and underresourced schools through the generous gifts from our donors. C-STEM is a member of STEMworks, STEM Education Coalition, CS4All, and accredited through IACET.

ABOUT THE “STATE OF STEM EDUCATION” STAKEHOLDER BREAKFAST

We are excited to extend this invitation to join us at the 11th State of STEM Education Stakeholder Breakfast hosted at The Junior League of Houston on June 9, 2023, from 7:30-9:00 am.

The 11th Annual State of STEM Education Stakeholder Breakfast brings together P-12 schools, higher education professionals, professional organizations, corporations, and public servant leaders to learn about C-STEM’s community impact and the current state of STEM education.

OUR 2023 HONOREES
